## SUMMARY OF EVENTS OF THE PAST WEEK

CANADIAN

The Alberta Legislature was adjourned at the end of last week. It is to meet again in the summer at a date not yet fixed to consider legislation dealing with the railways in the north of the province. In the closing period of the session several important measures were passed. The Government's bill to deal with the Leche bridge, Northern irrigation scheme was passed. This bill is an attempt to save the scheme from total wreck. The province had guaranteed the debt of the scheme, which means a liability of some five million dollars at once and an ultimate liability of twelve millions if the interest is counted also. Rather than allow the scheme to fall altogether the Government is proposing new measures to save it. These include the setting of new water, the reduction of the cost of water to the settlers, and the abolition of the joint liability of the settlers for the whole scheme, the reduction of holdings to not more than 160 acres each and financial help up to \$800.00 per settler. Even closed at the beginning of this year, thus adding to the unemployment in the country.

The South African trade preference to Great Britain is being changed, and put onto a basis of reciprocal preference, but the change is not being made so hostilities to the Empire is implied in the change.

Nigeria it seemed possible that he might not be able to visit that part of the country. According to the latest news, however, he will keep his engagement in spite of the plague.

120000 in Great Britain have been closed as unemployable since the beginning of this year, thus adding to the unemployment in the country.

The Government is setting up a voluntary unpaid committee of doctors and gentlemen to inspect prisons and asylums in the province, this being the outcome of the Leche bridge enquiry. It has also passed an Act for the control of private hospitals.

There is to be a revised and amended constitution in the province, the net effect of which is to reduce the membership of the Legislature from 24 to 16. The city of Calgary was given the right of direct legislation in school matters in spite of the Minister's previous suggestion that it be given to the right, the municipal districts also would claim it, and so to destroy the uniform standard of education throughout the province.

The Government renewed its million dollar guarantee of the wheat pool and authorized it to build or buy elevators in the province and also at Vancouver.

The Secretary of the Saskatchewan Wheat Pool has published a statement alleging that the Saskatchewan Wheat Pool is the price of wheat were to be a deliberate attempt to break the Western Canadian Wheat Pool. The United States authorities also are making enquiries into this matter, and there seems to be growing concern in the wheat trade with the operations on the wheat exchanges in North America. The Alberta Pool is declared to be in a quasi-legal position.

The Alberta Government through the Premier announced that no decision has yet been come to on the question of the Spry Lake power scheme. The Dominion Government has control over the water in the first place, and has not yet decided whether it will grant the Province a license to develop the power. The Premier will confer with the municipalities before coming to his decision, as the cost of the project—about eleven to twelve million dollars—is too great for the Provincial Government to undertake alone.

The mines in Southern Alberta are re-opening. In almost all of them the miners have broken away from the United Mineworkers of America and are joining a merely Canadian union. The men have accepted lower wages.

John L. Lewis, head of the International Mine Workers of America, reached Halifax last week for a conference as to the miners' strike. The Strike Relief Committee is said to be out of funds and there is much discussion among the strikers as to no settlement is definitely in sight.

A bill has been introduced in the Dominion Parliament to renege the lands and stock under the S. S. B. scheme.

It was announced by several papers in Alberta that newspaper paper made from straw has been found to be quite serviceable, and the setting up of an industry to make it in Alberta is suggested.

W. R. Hall, a noted Calgary citizen, died, leaving large bequests to public or charitable purposes, including \$100,000 to the Anglican diocese of Calgary, \$25,000 to the Red Cross and \$50,000 each to the Navy League and the Boy Scout organizations.

Farming operations are general in the South and will be becoming this week in Central Alberta as the fine weather holds.

Whose rose again in price considerably, reaching \$1.66 at the end of the week.

## Millinery

Spring hats are high and colorful, and handsome, not too ornate—Simplicity rules and their smartness and vivacity top well the bobbed and shingled heads.

Of course there is no end of black, and very smart the models are, too. But it is a season of exquisitely blending shades—no sharp contrasts and every color has a long sifting of shades. Of the new tones there are cocoa and wood tones—and the fuschia thence, including the lovely new thistle bloom, sea green, maroon, rose wood, lacquer, crabapple, and so on—nor is the famous navy lifted from the list of colors.

The blending colors will go with no end of costumes, and just there is economy itself.

### BOXING MATCHES AT THE REX THEATRE

On the afternoon of Friday last four boxing matches took place in the Rex Theatre. The main match was between Tommy Rogers, of Calgary, and Murray McKinnon, of Red Deer, for the welter-weight championship of Western Canada. Before this took place there were three preliminary bouts. The first was a three-round match between the young Dancocks brothers. The boys gave a nice exhibition of clean boxing, which was quite enjoyable to watch. The smaller of the brothers had a very neat straight left, which had much power behind it and landed cleanly and smartly. Referee Mooney adjudged the match a draw.

The second match, also a three-round one, was between Dick White and Harold Dancocks. Dancocks was the aggressor for most of the time, but was apt to be wild with his swings, and exposed himself to what might have been very damaging returns from a faster man than White. White showed himself to be the better fighter of the two. The bout was fought on a fast pace and like the first one was adjudged to be a draw.

The third match was intended to be a five-round one between Teddy Rear of Calgary and Jim Flynn of Willowdale. It was refereed by Kid Lewis of Calgary. From the outset it looked as if Rear was the more experienced man. He has a curious style and evidently believes in short blows at close quarters as against long swings. There was a suggestion in this bout of sword-point lance, and as usual the wielder of the shorter weapon was the more effective, having the better control of his blows and being less apt to leave himself open to damaging counter-strokes if he allowed himself to take effect. Unfortunately, in the third round Rear accidentally struck his opponent too low, and the match was at once given to Flynn. That there was a foul involved was seen in the two combatants watching the final bout side by side.

The main match was disappointing. It was intended to be one of twelve rounds but lasted only five. Rogers is considerably more experienced than McKinnon, and once he had measured his opponent had considerably the better of the fighting. He got a surprise, though, in the first round when McKinnon knocked him down with a right swing. Rogers was right up and again evidently did not feel the blow unduly. To an expert onlooker it seemed as if McKinnon's style of holding his hands very low was a risky one to employ against a fast opponent, who might best him in the speed of his stroke and get home on his unguarded jaw. He also has a very unsafe trick of ducking his head and going in with hardly any protection against uppercuts. Nevertheless, he made a pretty fight of it in spite of getting some heavy punishment. In the fourth round McKinnon narrowly missed getting home with another right swing, but Rogers got back in time to make it only a light graze. In the fifth round McKinnon, who was bleeding slightly, was knocked down for a count of nine, and immediately after was knocked out. It was not clear just what the stroke was which finished the match. McKinnon deserves all credit for taking on so formidable an opponent, and is young enough to profit by experience for future bouts. Kid Lewis refereed this match also.

Throughout the bouts there was a thoroughly good feeling maintained between the combatants, and when one was watching the two boys, particularly the healthy character of the sport was apparent. It is the non-participating spectators on whom the effect is doubtful, as is the case with all games which are merely watched and not shared.

The footballers have had their first practice in Red Deer and got a good turnout, about 22 men taking part. It is a pity from the footballers' standpoint that the schools in Red Deer are not playing football to any extent, but new recruits are wanted badly, now that some of the older men are feeling inclined to drop out of the game.

The cricketers should not have to wait long before their ground is fit for play. Last season was quite successful, and there is no reason why cricket should not get a firm hold in Red Deer. Outside matches are needed to stir up enthusiasm, but it should be possible to get enough of these if steps are taken at once.

In Calgary and Edmonton the football season began on Friday last and there is no lack of teams to make it a good one.

The British Rugby enthusiasts are organizing in Alberta. They have, however, taken a doubtful step in altering the rules by allowing substitutes to be introduced in the course of a game. This is the rule in several games, but it is not and never has been the rule in either association or British rugby, and it is a pity for our rugbyites to make their game different from the British one if they are going to try to introduce it to Western Canada. Either the same game or a quite different one would be best.

The golf courses are getting into order for play. There has been some play on the Red Deer course and it will soon be in full swing.

In Calgary last week a jumping match took place between a Calgary horse, "Barra Lad," and an Edmonton one, "Bay Eagle." The Edmonton horse had sprained a foot and was given a handicap of three inches, but the Calgary horse won, covering 6 feet 6 inches in its highest jump.

On Saturday evening "Barra Lad" beat the existing Alberta record held by "Smoky." "Barra Lad" jumped 7 feet 1 1/2 inches.

The wonderful Finnish runner Nurni has been winning in Ottawa as he has won in the States and Europe. The most notable feature about his running is not only his endurance but the fact that he runs flat-footed, whereas it has for long been a sort of axiom of runners to run on their toes.

### BRITISH FOOTBALL

Glasgow Celtic won the Scottish Cup on Saturday last, beating Dundee by 2-1. As Airleishians were beaten by the League by St. Mirren during the week 1-0, and the Rangers then got back to the first place, it looks as if once again the Celtic and Rangers will divide the main honours of Scottish football.

In the English League First Division Huddersfield by beating Bury got up to the top again. As Bury were beaten on three occasions in the course of the week, and Newcastle also lost, this leaves the fight for first place almost confined to Huddersfield and West Bromwich. In the second division Derby County lost one match, but in the crucial match against Leicester City a goalless draw was the result.

### CRICKET NOTES

Olds and Pine Lake are both to have cricket teams this season, and along with Red Deer will form a section of the Calgary Wednesday League.

The Neilson Shield, which Red Deer at least morally won last season, is to be handed over to Red Deer and to be kept here until Calgary or some other team can take it away again.

A meeting of those interested in cricket will be held in the City Hall on Thursday evening to organize the club for the season. All interested are asked to be present.

## FROM THE POETS

### LIGHTS OF HOME

By Alfred Noyes.

Pilot, how far from home?  
Not far, not far tonight;  
A flight of spray, a sea bird's flight,  
A flight of driven foam,  
And then the lights of home.

See it again how far?  
Seems you the way so brief?  
Those lights beyond the roaring reef  
Are lights of moon and star,  
Far, far, none knows how far.

Pilot, how far from home?  
The great stars pass away  
Before him like a flight of spray,  
Moons like a flight of foam,  
I see the lights of home.

### DILEMMA

Circus Man—"The leopard has escaped—shoot him on the spot!"  
Guard—"Which spot?"

## NEWS OF THE YOUNGEST CITIZENS

Lee George, aged 10 months, son of Mr. and Mrs. H. B. George, of the Bank of Montreal, had a regrettable mishap last Friday. His parents were meticulously cleaning up when Lee, anxious to help in the good work, plunged into the varnish pail. He was none the worse, however, in fact, his parents notice that both Lee and his manners have taken on an additional polish as the result.

Yvonne Ellis, aged 3, daughter of Mr. and Mrs. Harry Ellis, is a very stately little person. She rarely refers to her father by any such familiar name as "Daddy," but speaks of him as "Mr. Ellis," or in rare moments of expansion as "Harry Ellis." She informed us that since her father had given her such a beautiful old French name as Yvonne, the least she can do is to treat him with hauteur.

Campbell McLevin, aged 4, son of Mr. and Mrs. J. B. McLevin, has since his stay in hospital, developed a strong interest in surgical matters. He has a faithful doll on which he practices operations. He has removed what he calls its "suspensory" 17 times and though the patient shows marvellous recuperative power, Campbell fears that its "temperature" is very high, he says.

We think it will be of help to our youngest citizens in times of emergency if we repeat to them a story of a former young citizen now backing in the sunshine of Honolulu. This was Ronnie Row, son of Mr. and Mrs. Outhbert Row. Ronnie had been naughty, and his mother had intimated that he would in due course receive the reward of his evil deeds in the form of a spanking. Ronnie retired to his bedroom, from which presently came shrill yells of anguish followed by a plaintive voice calling over the stairs: "Mummy, dear, you need not spank me. I've spanked myself and done it much harder than you would." The value of this story to our little friends is that Ronnie's ingenuity earned him a pardon on that occasion.

Miss Patricia Carswell, who was mentioned in last week's column, begs us to announce that she has transferred her affections from the grocery boy to Master Donald Jones, aged 14 months, son of Mr. and Mrs. Sidney Jones of Calgary. Donald, however, has treated her advances very coolly.

### SHRINKAGE

"Plats is gittin' so small," said Uncle Eben, "dat party soon dar won't be much left of 'home, sweet home' 'ceptin de tune."

## SCHOOL NOTES

On Thursday at the close of school, the High School pupils made a presentation to Miss Fash in the shape of a ring. Miss Fash has been highly popular with her classes and will be missed. She is going to Nova Scotia, not to B.C., as was reported.

A tennis tournament has been begun amongst the High School pupils, and will be carried on through the next few weeks. The school courts have dried wonderfully and are in good condition.

The Public School boys have been playing football, but there is a lack of direction and system in their playing and it seems a pity that some more experienced footballer could not be got to give the boys a few lessons in the rules. We suggest that Mr. C. F. Carswell should undertake this work. What does he think he is elected to the Board for, if not to help the sport of the School?

It is proposed to hold a Junior Track meet for boys under 18 about the 24th of May.

The final examinations are now fixed for the 22nd of June. Like hangings, these ordeals are fixed a long time in advance.

In a junior literature class recently the teacher asked the children why the moon is usually spoken of as a lady and the sun as a man. One small boy said that it is because the moon does not work as hard as the sun, while another, who evidently has the artistic and the seeing eye, said that is because the moon is easier to look at.

From some junior class replies we take the following:  
"Nuts: We get most of our nuts from Brazil, but we have some in our country."

(Perhaps these are the ones who stroll about the streets when they should be doing their home work).

"First aid in drowning: We should place the patient on his back and put him in his regular shape so that he may live."

One severe young critic of modern times being asked to explain the words: "Plain living and high thinking are no more," said: "Once people were content to lead plain lives and think high thoughts, but now we don't think anything worth while."

### SLOW

"Twenty years ago Ike Einstein stood on this corner selling shoe strings. Now he owns the corner."  
"Oy, oy! If they had only walked up and down he might have owned the block."

## BOY SCOUT AND CUB NOTES

The fine spring weather of the last week turned the fancy of the Second Red Deer Troop to the great outdoors, and on Good Friday we had our first hike of the year. At 7 a.m. two Scouts left the Den laying trail North of the city, and a few minutes later the other six left in two groups to follow. The trail was not very good, and soon the trail was in difficulties, but eventually picked up the scent on Fifth Street and then at the traffic bridge. A note was found here to say that the hares had spotted the Scouts of Number 1 Troop ahead and advised us to loop out. The trail pointed straight north, and when we reached the top of the hill, we spotted the hares about half a mile ahead. Their position was given away by the sun shining on a hilly can which was hanging on Jack's belt. The road was very wet and muddy and we had to make long detours to get round the wet places. When we reached the place where we started our enemy patrol who were apparently hunting for something or someone. From this point we all joined together and started for the farm house ahead. We got directions there regarding a spring on the O.N.R. track and we arrived at the railway as the train passed on its way into Red Deer. The First Troop were also on the track and we let them go ahead. Arriving at the spring preparations were soon under way for dinner, and it was soon seen who were tenderfoot and who were not.

Boys of both Troops were telling of unkindly only one match to light their fire, but by the smoke some of them must have thought they were making smudges. Strange smells and sounds, trying back to the hares, and the smell of the fire and remarks that Scouts' smokes and whistles under all difficulties. A boy of the Second Troop was telling of somewhere else till things quieted down. The return journey was started about 8.30, and we followed the railway till we came to the hill, which we climbed and followed along the top to the Convent and then home, a tired but happy group of boys.

Wonder if the two absent Scouts enjoyed themselves and if their companions enjoyed their company. After being out for a while we were wishing we had been in shorts. Sorry our T.L. was not with us. Perhaps he was with someone else. Good luck!

Our assistant Scout was doing his thing while we were sleeping, delivering Hot Cross Buns, or cross-word puzzles. The Scout called them out. Is it true our S.M. took sandwiches to save cooking, and was it water at other Scouters was drinking when he was snapped.

No. 3 Pack of Wolf Cubs is becoming active again after their Winter hibernation. From now on they will meet in the open for their summer training. The meeting place will be beside the house of Major Lister, the Cubmaster, at Waskasoo. The practical work of cubbing will be thoroughly developed, as there is a large area within easy reach of the meeting place for the boys to work over, giving them excellent chances for nature study, games of tracking and compass work. The age for boys of this pack is from 8 to 12, and any new boys wishing to join should see the Senior Scout, Ernest Nichols, who will give all necessary information. Boys who wish to join should be prepared to keep the Cub law and try to become proficient and bring credit and honour to the pack. Parents of boys wishing to join should first find out the rules

and be prepared to enforce attendance at the meetings. Only by such co-operation between parents and Cubmaster will the ends aimed at be attained. The Cubmaster will gladly give any information asked. His private phone number is 338. Purchase of uniform is optional though desirable. The meeting will take place on Tuesday, the 14th, at 7 p.m.

GILLWELL 1922.

This wholly desirable movement deserves the support of all parents who wish to see their boys happily and healthily employed in their spare time. It helps them to learn the spirit of unselfish co-operation and to realize that by thinking of others as well as of themselves they get in the end the fullest pleasure and fun out of all their activities.

### CHICKENS

At the conclusion of the primary language class the teacher announced that the subject of the next lesson would be poetry, and then asked: "Can any one tell me what poetry is?" Little Chester immediately raised his hand, and upon being recognized, said: "Poetry is chickens."

**110,000 Policyholders in the Mutual Life of Canada**

## Safety in Numbers

THE Mutual Life of Canada is a company of approximately 110,000 policyholders bonded together for mutual protection and support in time of trouble. They obtain the insurance practically at cost. Surplus profits over and above provision of necessary reserves are divided among participating policyholders.

Last year, the sum of \$2,689,000 was thus distributed to Mutual policyholders as dividends.

Mutual profit-participating policyholders have three options: (1) They may apply their profits to increasing the face value of their policies; (2) They may apply them to reducing premiums; (3) They may take out their profits in cash.

The Mutual Life tells the whole story. Write for it.

**FIFTEEN YEARS AGO**  
The Town Council decided to lay cement sidewalks on Ross Avenue and Gaetz Avenue.

Property was changing hands rapidly in Red Deer.

The water wagon was reported out this week. (No mention is made of any of the citizens being on it).

The Red Deer Independent Squadron of the Light Horse were expecting their equipment, and were holding drills twice weekly.

**TEN YEARS AGO**  
Inspector Macdonald of the R.N.W. M.P. in Red Deer, was transferred to Macleod, and his place in Red Deer taken by Inspector Lindsay.

Mr. J. P. Day was chosen to the Conservative candidate for Red Deer constituency at the next general election.

War stamps had just been introduced—1 cent extra on letters, and 2 cents on cheques and other documents.

## MUNICIPAL DISTRICT OF LOCHEARN, 401

Council meeting held in Memorial Hall, Leslieville, April 2nd, 1925. All the Councilors were present. Minutes of the last meeting read and approved as read. The secretary was authorized to make a refund of two years' tax paid by Mr. Kenworthy on the land owned by his son who was killed in the war.

Re appeal of the C.P.R. against certain lands, the Council decided to offer them a reduction of 15 percent. A letter received from the Dept. of Public Works, the cancelling of the road between Sections 14 and 23 in 30-7-2 was laid over for the next meeting in order that the Council might for the division might go into the matter more fully.

Re accounts received for the burial expenses of the late Mr. P. Paulson, motion by Councilor Wayman, "That because of the fact that Mr. Paulson had not been a resident of the municipality for some time, the accounts be not paid."

Motion by Councilor Barton, "That Councilors Sande and Witte be authorized to purchase lumber to the extent of 5,000 feet."

A petition signed by 44 resident ratepayers of the division 1, asking the Council to pass the necessary legislation for establishing of a Herd Law was presented, and on motion by Councilor Barton accepted and read as follows: That all domestic animals be prohibited from running at large at all times in the municipality, and in division 1 in the municipality, the West corner covered in said herd law from from West to East, the full width of range 40 in township 29-5 and from North to South, from the correction line North five miles.

After two readings, Councilor Barton voting against the by-law. Authority was given to Councilors Barton and Randall to buy it possible a plover each for the use of their divisions, at some of the sales that were taking place.

Motion by Councilor Williams, "That the secretary be appointed Wild Land Assessor for 1925, remuneration same as last year."

Motion by Councilor Williams, "That the rate of pay for the Reeve and Councilors be, for the Reeve \$5.00 per attendance at Council meetings, and \$4.00 for Councilors' attendance at meetings, and \$4.00 per day for the inspecting and laying out of work; 10c per mile for travel. After some discussion as to the secretary's salary, it was decided on motion by Councilor Sande that the present arrangement be continued."

Estimated expenditures as follows for 1925: Sec. Treas. salary, \$1,000.00; fees to meetings, Councilors, \$400.00; bond for secretary, \$125.00; rent for meetings, \$30.00; office supplies, \$40.00; delegates' expenses, \$80.00; elections, \$30.00; relief, \$400.00; Compensation Board, \$100.00; financial accounts, \$700.00; Motor allowance, \$600.00; pound expenses, \$50.00; expenses, \$27.50; labor on roads, \$9,377.25; uncollected taxes, \$6,851.30.

Apportionment to Divisions, 50 percent of the taxes levied in the division and as follows: Division No. 1, \$2,448.00; Division No. 2, \$2,038.00; Division No. 3, \$1,867.25; Division No. 4, \$2,825.00; Division No. 5, \$1,475.00; Division No. 6, \$1,451.00.

A new cutting blade for the 3 foot road grader was ordered, price \$125.00. Mr. McNichol, of the J. D. Adams Machine Co., demonstrated the working of the machine when grader, and it being the opinion of the Council that more heavy machinery was necessary in order to get the best results for the money spent on road work, a motion by Councilor Barton "That the Council buy a seven foot Jeanne-wheel grader from the J. D. Adams Co. for the sum of \$998.00, payment to be made in four yearly installments," was carried. Three new Presses were also ordered from the same company, price \$127.50. Mr. Renton, of the Western Municipal News pointed out to the Council the ever present danger from fire to the municipality, and the urgent necessity of having adequate protection for those fired away. The present fire alarm is totally inadequate. It was on no less by Councilor Barton decided to buy a larger one, price \$850.00, the old one being taken in first payment at \$125.00, balance being spread over a

## LESLIEVILLE

The Veterans of the Great War held an official meeting in the Leslieville Community Hall on Saturday, the 11th inst.

There was considerable discussion regarding the forming of a Veterans' Club at this point, to embrace the territory north and south as far as possible, west to Albion, and east to Hespero. Finally the vote of the gathering favored the forming of a club. Thirteen Vets signed up. The following officers were elected: H. Meeres, sr., President; S. M. Graham, 1st Vice-President; F. Kirkman, 2nd Vice-President; H. J. Meeres, secretary; Executive: O. W. Cunningham, W. L. Stevenson and R. Macdonald.

The question was raised as to whether this club should affiliate with the G.W.A. This matter was held in abeyance till more information could be obtained regarding the Parent Association.

An entertainment will be held between the 10th and 16th of May for all returned men, their wives and sweethearts. Some objection was raised to this owing to the fact that some did not want to bring their wife and sweetheart also. However, no returned man should miss this reunion, whether they approve of this step or not. All Vets are welcome. The Club is a going concern for the good fellowship of comrades who defied not only shell, privation and hardship. Better look into this, boys. The Club needs you, and you need an organization of this nature.

Wheatley Bros. sale, held April 6, proved very successful. Mr. Dunsmuir, officiated as auctioneer.

We regret to lose these progressive farmers from our midst. Mr. Cyril Wheatley has been an ardent supporter of all community functions and enterprises. He was happily in a position to render musical talent, being a proficient violinist, and it is regrettable that the "Academy Orchestra" will be disbanded. However, let us hope to cherish the good fellowship that has always been found in the Wheatley home, and wish them good prosperity in their new field of activity.

The Five Hundred Club will stage a whist and five hundred drive on Friday, April 17th, in the Community Hall. Admission will be 25 cents, proceeds to be turned over to the Community Hall.

If you never do more than you are paid to do, you will never get paid more than you do. Make this your community motto.

She (as train cooks at grade crossing)—"George, you go right ahead. Don't let that big brute bully you."

## COMING EVENTS

A dance will be held on the 24th inst. in the Poplar Ridge Community Hall. Admission: Gentlemen 75c; ladies 50c, or bring cakes.

St. Luke's W.A. will hold their Easter bazaar, tea, and home cooking sale on Saturday, 18th April, in the McBride Hall, from 3 to 6.

Group No. 3 of Knox Presbyterian Ladies' Aid will hold a supper in the church hall on Saturday, April 25, from 5 to 8 o'clock. Admission 50c.

The regular meeting of the Board of Trade will be held in the City Hall on Friday evening at 8 p.m. to discuss the Board's plans for the summer.

The Football Club will hold a card party (whist and five hundred) in the McBride Hotel on April 24th. Reserve the date and turn out to encourage good amateur sport.

The regular monthly meeting of the Women's Missionary Society of Knox Church will be held in the church hall on Friday, April 17th, at 3 o'clock, followed by the regular monthly meeting of the Ladies' Aid Society at 4 o'clock. A full attendance is requested.

The Independent Order of Odd-fellows have leased the greater part of the upper story of the News Block from Mr. J. A. Crawford. This will be converted into a hall for the use of the Order. They take possession on 1st May.

## PENHOLD NOTES

April 14.  
Miss McCullough spent Easter in Calgary.

Barrie Stewart came home from the hospital on Monday, and Mrs. Oldford is improving nicely.

Charles Parker spent the Easter holidays with his mother in Red Deer.

Opal Parsons was home from Calgary for the holidays.

Mrs. Wood and children spent Easter with Mr. and Mrs. Carswell of Red Deer.

There will be a public meeting to reorganize the tennis club, and to plan for the summer's work, in the Oddfellows' Hall on Friday evening at 8 p.m. A good attendance is desired.

The W.I. will meet at the home of the Misses Eyr on Thursday, April 23, when O. F. Carswell, B.A., of Red Deer, will talk on the laws of Alberta as pertaining to women and children.

Rev. McAllister is again holding Sunday afternoon services at Ridgeview for the holidays.

Married—At the Manor, by Rev. McAllister, on April 8, Miss Jessie Scott, Ridgeview, to Elmer Conn, of Big Bend.

The Co-op store has been painted inside and alterations have been made to admit of better placing of the goods.

Miss Johnson, our junior teacher, visited her friend at Didsbury for Easter, and is now attending the convention at Edmonton. Principal Martin did not attend this year, hence the upper room is closed.

Addie and Francis Harte spent Easter first friends in the village, Addie with Irina Lee and Francis with Mrs. Barton.

Mr. and Mrs. Lee are staying with Mr. and Mrs. Lee while settling their business here. Their sale was well conducted and things brought a fair price.

The Ladies' Aid sale on Saturday was a great success. We understand the ladies made a hundred dollars.

Mr. McAllister had a children's party in honor of her little niece on Monday.

Mr. and Mrs. Geo. Coote visited Mr. and Mrs. E. McKenzie over the holidays.

Several young people from here attended the dance in Red Deer on Monday and they report a splendid time.

The school trustees have put up swings in the school yard for the younger children and fixed the basketball posts for the girls.

The play "Deacon Dubbs," put on by the Hall Committee on Saturday, April 11th, turned out to be a great success. The hall was comfortably filled. Had the roads been better no doubt the crowd would have been much larger. The present, however, speak very highly of the play, and many have expressed their desire to hear it again. It has been spoken so well of that the committee have decided to put it on again for the busy season, so as to give those who were not able to be present last time a chance to see it.

The baseball meeting, held in the hall on Wednesday, April 8th, for the purpose of reorganizing for the coming summer, was attended by an enthusiastic group of baseball fans. The following officers were elected: President, Mr. A. Goodwin, Vice-President, Mr. J. A. Bennett, Mr. O. Horgan, Mr. J. Fay; Manager, C. B. Rogers; Captain, Mr. P. Bills; Sec.-Treas., Mr. H. Evans. A membership fee of one dollar was passed. This was considered necessary in order to raise some funds to carry on the game. The boys intend to form a league with some of the nearby districts if possible. So they are now ready for business as soon as the season opens up.

The Ladies' Aid held a very successful apron sale on Saturday, April 11th. Many aprons were purchased by the different ladies. At the close of the day there was only one apron left to be sold at some future date. Lunch was also sold in the afternoon. The total proceeds were somewhere in the neighborhood of 25 dollars.

Special Easter service was held in the Methodist Church on Easter Sunday. The programme consisted of singing and a pageant put on by the Sunday school, which was very well rendered and in keeping with the Easter spirit.

The result of the senior examinations in the Blackfalds school is as follows:

Senior school will be opened during Easter week, while the junior school will not open till April 20, on account of Mr. Mac Mann attending the general convention in Edmonton during the week following Easter.

Mr. Fred Bills started ploughing on Monday, April 13th. In a few days, if the weather keeps mild, farming will be quite general around Blackfalds.

The land is of a sandy loam and the water from the snow has well moistened the soil, but still the land is drying very rapidly after the thaw.

Mr. E. Parr went under an operation last week for appendicitis.

Approved: (Sgd.) A.Y.B. M.C.

At Mrs. Wright's Nursing Home, on April 13th, to Mr. and Mrs. J. Sinclair, of Red Deer, a daughter.

GOLF NOTES

Quite a few golfers were playing over the Red Deer course during the week-end. Until Monday the fourth green was a Sunday school, and all alike, and the course generally is reported in excellent condition.

Mr. A. T. Stephenson lost his cup on Friday at 3 holes. He can be counted on to make a desperate effort to recover it during the season.

DOVERCOURT DOINGS

All Dovercourt people wish Mr. H. G. Scott all the success possible in his new venture as Editor of The News.

The weather continues decidedly sunny, but the crops are improving rapidly and cultivation should be general in a week or ten days.

Mr. and Mrs. "Dovercourt" attended the sale at Rocky on Tuesday. Several of the cattle sold will call this district home in future.

In spite of bad roads, several farmers are busy hauling their lumber from the Hives-Buch saw mill. Dovercourt will have several new frame buildings to its credit this summer.

The decision of the Red Deer Co-op to buy hogs and cattle every two weeks at Rocky Mountain House will be a boon to this district, as it makes the marketing prospects much brighter.

Mrs. Tyler and infant daughter are home after an extended visit with "W. J." in Chicago.

Mr. Molinex, who has rented some of the Stepien land is busy taking possession. Mrs. Stephens will occupy the old Talbot place as soon as the building is fixed up.

Mr. and Mrs. Don Blair are in residence at "Blair Athol" once more. Mrs. Blair is assisted by Miss Maggie Robertson, of Barts, is visiting them for a week.

Oris and Perley Wilson spent a few days at Dovercourt after their winter's labor at Hurlburg. They left for the east on Tuesday.

## CORRESPONDENCE

To the Editor, Red Deer News.

Dear Mr. Editor:—

It may seem rather belated to refer to a news report so far back as the Red Deer News of March 14th, but as the topic is a particularly live one just now, I make no apologies for doing so.

In the report of the Dairy and Egg Pool meeting held in Red Deer on the previous Saturday, Mrs. Schofield is quoted as saying: "With no pool in operation the producer got 10 cents a dozen for eggs from the merchants who put the eggs in cold storage and sold them in the winter at No. 2 fresh eggs at 60 cents. Under the pool system that profit will come to the producer."

Now, with all the excellent arguments that might be used to further the cause of co-operative marketing, it seems a pity that statements like the one quoted should be made with its implication that the storekeeper, with whom the farmer does his business, has been making big profits out of the produce handled by him.

From my own experience, I am convinced the majority of business men will wish the co-operative marketing schemes the best of luck.

You realize that if the farmer can get a larger and more equitable return for what he produces it must have a beneficial effect on the prosperity of all the citizens of the province.

Yours truly,  
C. H. SNELL
